

THINK SWISS - Brainstorm the future

The U.S.-based Program on Education , Research and Innovation is online

We launched the website www.ThinkSwiss.org, the information and exchange online - Platform of Think Swiss - Brainstorm the future!

Think Swiss - Brainstorm the future" aims to highlight and showcase Switzerland as a global, knowledge-based country, full of talent, high-tech opportunities and creativity- crucial assets to secure a sustainable quality of life for future generations. It's goal is to foster an even stronger network of long-term relations in education, research and innovations between the United States and Switzerland. the program focuses on the exchange of expertise and know-how in academia and the high-tech business community in Switzerland and the United States.

The Consulate of Switzerland, Swiss House of Advance Research and Education in Boston (SHARE), its sister office swissnex in San Francisco and the Office of Science, Technology and Higher Education (OSTHE) at the Embassy of Switzerland in Washington, D.C. are the leading houses of the program. They will organize numerous events, workshops and exhibitions in cooperation with the other Swiss General Consulates and other institutions in the USA to a target audience of academia, high tech businesses, government representatives and NGOs.

www.ThinkSwiss.org gives an overview of the twelve core topics that were chosen to engage opinion leaders and visionaries from academia and industry to participate in a creative dialogue.

The program is under the auspices of Presence Switzerland (PRS), the Swiss State Secretariat for Education and Research (SER) and the Swiss Federal Department of Foreign Affairs.

A periodical **newsletter** will inform the subscribers about the program's highlights.
